UECU is Celebrating CU Youth Month Save Away for A Rainy Day

With lower fees and higher savings rates, a youth savings account at UECU can help kids lay the foundation for future financial success. If you want to start saving for your child's future, open a youth savings account.

Make saving FUN! Use a clear jar for savings instead of a piggy bank at home. They will be able to monitor their progress, experience delayed gratification, and learn the importance of saving. To motivate your children to save, consider offering matches when they hit certain savings milestones.

\$500 minimum investment for 6 months. Offer for new certificate investments only. Certificate will not renew at maturity. APY = Annual Percentage Yield. The APY assumes that dividends will remain in the account until maturity. A withdrawal of dividends will reduce earnings. There may be a penalty for early withdrawal.
